

St Cyres School

Strive Together. Challenge Yourself.
Realise Everyone can Succeed.

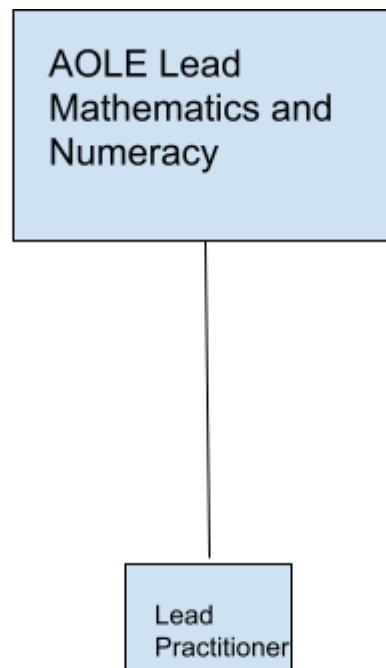

AREA OF LEARNING AND EXPERIENCE **Mathematics and Numeracy**

Mission Statement

To create an exciting, relevant, experimental and constantly evolving curriculum that meets mandatory requirements, ensures universal provision, empowers all stakeholders and has the four purposes at the heart.

Introduction to the Area of Learning

The application of mathematics to solve problems in real-world contexts plays a critical part in our everyday lives. Therefore, we have developed the mathematics and numeracy experiences so that they are engaging, exciting and accessible for all learners. These experiences are geared towards ensuring that learners develop mathematical resilience throughout the course.

AREA OF LEARNING LEAD for Mathematics and Numeracy

Mrs Rachel Homer

Lead Practitioner of Mathematics

Mr Ryan Jones

We offer a wide range of courses within the AOLE;

- GCSE Mathematics
- GCSE Mathematics Numeracy
- Level 2 Additional Maths
 - A Level Mathematics
- A Level Further Mathematics

Staff within this department also include;

Mr G Davies Teacher of Mathematics
Mrs D Lax Teacher of Mathematics
Miss R Hennessey Teacher of Mathematics
Mr B En-najjary Teacher of Mathematics
Mr R Jones Teacher of Mathematics

Extra curricular / Enrichment Activities

Maths clubs are dedicated extra-curricular maths get-togethers that breathe new life into maths beyond the classroom. We hold these weekly to let us take off our curriculum jacket and work more informally with children while engaging them in a variety of activities for mathematical sense-making. A variety of extra-curricular activities are on offer such as Chess Club, Maths and Art club, Finding the magic of maths, Parallel Club, UKMT Challenges.
