

AS LEVEL PHOTOGRAPHY TRANSITION PROJECT

We have put together a project for you to complete at home ready for the start of the course in September.

It is designed to help you develop your technical and creative photography skills, the initial part of the project is to complete the Photo Bingo challenge. Once you have completed this you will need to do a research project on a photographer from one of the themes, think about how they create their work and why they inspire you. You will need to respond to their work by taking a number of photos experimenting with the style. Please join the Google Classroom: **in4jmb**
